2018:62(2/3) - "IBM z14 design and technology" This issue of the IBM Journal of Research and Development describes the innovative design and technology of the IBM z14, the latest IBM mainframe, with its significant new capabilities, including pervasive encryption, analytics and machine learning, platform simplification, enhanced system capacity and performance, significant reduction in I/O ...

IBM Journal of Research & Development

A live action role-playing game (LARP) is a form of role-playing game where the participants physically portray their characters. The players pursue goals within a fictional setting represented by the real world while interacting with each other in character. The outcome of player actions may be mediated by game rules or determined by consensus among players.

Psychopathy is traditionally a personality disorder characterized by persistent antisocial behavior, impaired empathy and remorse, and bold, disinhibited, and egotistical traits. It is sometimes considered synonymous with sociopathy. Different conceptions of psychopathy have been used throughout history that are only partly overlapping and may sometimes be contradictory.
